CLEARINGHOUSE REPORT

September 1 through September 15, 2003

SOUTHERN CALIFORNIA ASSOCIATION OF GOVERNMENTS

INTERGOVERNMENTAL REVIEW CLEARINGHOUSE REPORT

This Intergovernmental Review Clearinghouse Report summarizes the federal grant applications, environmental documents and other information received by SCAG's Intergovernmental Review (IGR) Section during the period **September 1 through September 15, 2003**. The Clearinghouse Report consists of two sections, Federal Grant Listing and Environmental Documentation Listing.

The Federal Grant Listing is provided to inform your organization of all grant applications for federal assistance from our region in accordance with Executive Order 12372. The listing includes state sponsored plans and project types such as Housing and Community Development, Urban Mass Transit, and Human Services. The Environmental Documentation Listing describes regionally significant and non-regionally significant facilities (e.g., transportation, wastewater treatment), residential, commercial and industrial projects which have been voluntarily submitted for review by local governments. Environmental documents received include Notices of Preparation, Environmental Impact Reports, Environmental Impact Statements, Negative Declarations and Mitigated Negative Declarations.

Project descriptions on both listings are organized by county: Imperial, Los Angeles, Orange, Riverside, San Bernardino, and Ventura. State plans and other multi-county plans, projects and proposals are grouped under the "Multi-County" heading at the beginning of the IGR Clearinghouse Report.

IGR CONTACT

To include the interest of your jurisdiction or comment on proposed comprehensive planning, areawide coordination or environmental impacts please contact the IGR Section prior to **September 30, 2003**. Please send one (1) copy of all environmental documentation. Also, please provide the name and telephone number of the contact person on your transmittal. We may be reached at:

Mailing Address: **Southern California Association of Governments**
Intergovernmental Review Section
818 West Seventh Street, 12th Floor
Los Angeles, CA 90017-3435

Telephone: (213) 236-1800
Fax: (213) 236-1962

Questions regarding the Clearinghouse Report should be directed to Laverne Jones, (213) 236-1857.

ANNOUNCEMENT

The comment due date for the Notice of Preparation (NOP) for a Draft Environmental Impact Report (EIR) on the SCAG Regional Transportation Plan (RTP) has been further extended to **September 25, 2003**. In addition to the comment extension period, there will be an RTP EIR scoping meeting on **September 16, 2003 from 4:00 to 6:00 p.m. in SCAG's office in downtown Los Angeles (818 W. 7th Street)**. For further information contact Ted Harris, Regional Environmental Planner, at (213) 236-1916 or e-mail: harrist@scaq.ca.gov.

The public review and comment period for the **LAX Master Plan** has been extended to 5:00 p.m. Pacific Standard Time, Friday, November 7, 2003.

I20030508

Date Received 9/4/2003 Date Comments Due N/A
Los Angeles World Airports
Palmdale Airport Master Plan
\$ 1,536,620 (total) / \$ 1,382,958 (federal)
Contact: Ulises Aguirre, (310) 646-6679

The last Master Plan completed for Palmdale Airport was in the 1970's. Due to significant growth in north Los Angeles County and anticipated capacity shortfalls at LAX and other regional airports, it is believed that the demand for passenger and cargo services at PMD will grow substantially over the next 30 years. The development of an updated Airport Master Plan will help determine the role that the airport should play in the future regional aviation system. The master plan will provide for the orderly development of aviation facilities as demand grows, enhance safety in air and ground operations and improve services provided at the airport for its users.

Los Angeles World Airports
Ontario International Airport Master Plan--Phase III
\$ 1,919,624 (total) / \$ 1,439,718 (federal)
Contact: Ulises Aguirre, (310) 646-6679

The last Master Plan completed for Ontario International Airport (ONT) was the Terminal Area Master Plan dated November 1985. Most of the projects from that plan have been constructed. Due to significant growth in the inland areas of the Los Angeles region and anticipated capacity shortfalls at LAX and other regional airports, it is believed that the demand for passenger and cargo services at ONT will grow substantially over the next 30 years. An updated Airport Master Plan is necessary to plan for that growth.

Proposed Roll Off Bin Storage and Truck Yard

Contact: Reuben J. Arceo, (626) 430-2207

The project consists of establishing and operating a roll-off bin service and truck yard. The roll-bins are intended to contain discarded inert material, and construction waste on a temporary basis until the material is properly discarded at an official land fill site. The truck yard portion of the project site is to provide for truck parking as the trucks are utilized for delivering the bins to various destinations and returning the bins to the location. The proposed project site consists of establishing and operating a roll-off bin service and truck yard on a vacant parcel located at 13635 Live Oak Lane in the City of Irwindale.

Southern California Gas Company's Application to Value and Sell Surplus Property at Playa del Rey and Marina del Rey

Contact: Roosevelt Grant, (415) 896-5900

Southern California Gas Company (SCG) has submitted its application with the CPUC to sell surplus land associated with 36 lots in Playa del Rey and Marina del Rey. The 34 undeveloped lots located in Playa del Rey are grouped into lot clusters of 1-8 lots. The two Marina del Rey lots represent a single cluster and are located approximately two miles north of Playa del Rey. The lots are to be sold "as-is" and do not carry any requirements for future development. The project area is located approximately 4 miles south of the City of Santa Monica, 1.5 miles north of the Los Angeles International Airport, and 0.5 mile west of the Culver City, and is bordered by the Santa Monica Bay to the west. Playa del Rey is located within the City of Los Angeles and Marina del Rey is located within the County of Los Angeles, approximately 15 miles southwest of downtown Los Angeles.

Los Angeles Memorial Coliseum Commission
Los Angeles Memorial Coliseum Renovation Project
Contact: Margaret Farnum, (213) 765-6711

The Proposed includes a conceptual plan to renovate the Coliseum, including the rehabilitation of portions of the 27.4-acre project surrounding and containing the Coliseum structure itself. The Proposed conceptual design would reduce the fixed seating capacity for all events from the existing level of 92,500 seats to a maximum of approximately 78,000 seats. The Los Angeles Memorial Coliseum is located at 3900 S. Figueroa Street, Los Angeles, California.

Draft EIR

I20030532

Date Received 9/12/2003 Date Comments Due 10/27/2003
City of Los Angeles Department of City Planning
Corbin and Nordhoff (ENV-2002-1230-EIR)
Contact: Maya Zaitzevsky, (213) 978-1355

The proposed Project objectives:

- Promote the consistency of the Project Site and Ad Area with surrounding properties with respect to Zoning and General Plan Designation.
- To create a new commercial center with the necessary entitlements to allow for marketing of the Site for redevelopment.
- To encourage the preservation of industrially used land within the Northridge Industrial Core by redesignating lands on the edge of the Core currently surrounded by commercial zones and encroached upon by non-industrial uses.
- To update land designation in the Chatsworth-Porter Ranch Community Plan Area to reflect the economic changes of the industrial base of the north San Fernando Valley such that land uses are designated in quantities and at densities, at appropriate locations, for various uses.

The Project site is located at 19601 Nordhoff Street in the Chatsworth area of the City of Los Angeles, California, within the Chatsworth-Porter Ranch Community Plan Area.

Date Comments Due 10/10/2003

John Wayne Airport Administration

John Wayne Airport Settlement Amendment Implementation Plan

Contact: Alan Murphy, (949) 252-5182

The Project is the implementation of the facilities needed to accommodate the growth at the airport provided by the Eighth Supplemental Stipulation and the necessary security measures in the post-September 11, 2001 era. The number of flights, passenger limits, fleet mix and number of passenger loading bridges have not changed from the evaluation contained in Final EIR 582 and the Addendum to Final EIR 582. As a result, the amount of traffic and aircraft noise generated by the project would not change from the evaluation of Final EIR 582 and the Addendum to EIR 582. However, the anticipated facilities needed to serve this demand has changed since EIR 582 was prepared because there is a better understanding of the measures required to comply with post-September 11, 2001 security requirements. The Project would be implemented at John Wayne Airport (JWA) in an unincorporated area of Orange County. The total airport area is approximately 504 acres.

California Department of Parks and Recreation
Laborde Canyon State Vehicular Recreation Area (SVRA)
Contact: Michael Brown, (916) 324-1570

The project site is located in Western Riverside County, in an area known as Laborde Canyon. The site is approximately 20 miles east of the City of Riverside and approximately four miles southwest of the City of Beaumont. Nearby freeways are Interstate I0 (I-10), State Route 60 (SR 60), and SR 79. The California Department of Parks and Recreation (DPR), Off-Highway Motor Vehicles Recreation Division (OHV Division) proposes to develop and operate a State Vehicular Recreation Area (SCRA) at Laborde Canyon. DPR is considering the acquisition of the project site properties, currently owned by Lockheed. The project would include approximately 1,200 acres for active riding areas, parking areas, and other ancillary facilities within the 2,640-acre project site. Vehicular use would not be allowed in the remaining 1,440 acres of the project site, although passive recreational opportunities, such as hiking trails, may be provided.

Pleasant Valley Road Widening Project

Contact: Heather Werner, (805) 385-7849

The City of Oxnard, in cooperation with Caltrans proposes to widen Pleasant Valley Road between Bard Road and Butler Road to provide four traffic lanes, bike lanes, curb and gutter, and sidewalks. To provide sufficient space for roadway widening, the storm drain located immediately north of Pleasant Valley Road would be filled and replaced with an underground 66-inch diameter concrete culvert.

Master Plan of Drainage

Contact: James Colton, (805) 385-7831

The project consists of the Master Plan findings, conclusions, and recommendations that pertain to a System Condition Assessment Program, an evaluation of different hydrological methods, establishment of design flow criteria, a hydraulic analysis of all system components 30 inches in diameter or greater, a drainage system capital improvement program, and funding options for the facilities proposed in the phase implementation program.

The Master Plan area portrayed in Plate I of the Master Plan ties within the southwesterly portion of Ventura County and includes all of the City's incorporated area, the Sphere of Influence adopted by the Local Agency Formation Commission, and a large portion of the Planning Area included in the adopted 2020 General Plan.
